CORKDESIGN

José Correia Neves

Corkart Founder

I listened my father speaking about cork every day, feeding the endless curiosity of a little boy about this amazing, natural and beautiful product... Those were very impressive lessons from a man who always worked with cork. Who loved cork!

Today, I am proud that my kids decided to join me in the company. They share with me the same vision and the same principles I shared with my father!

A handwritten signature in black ink, which appears to read "José Correia Neves".

Work with:

Passion * Commitment * Responsibility

Stable and trustable partnership

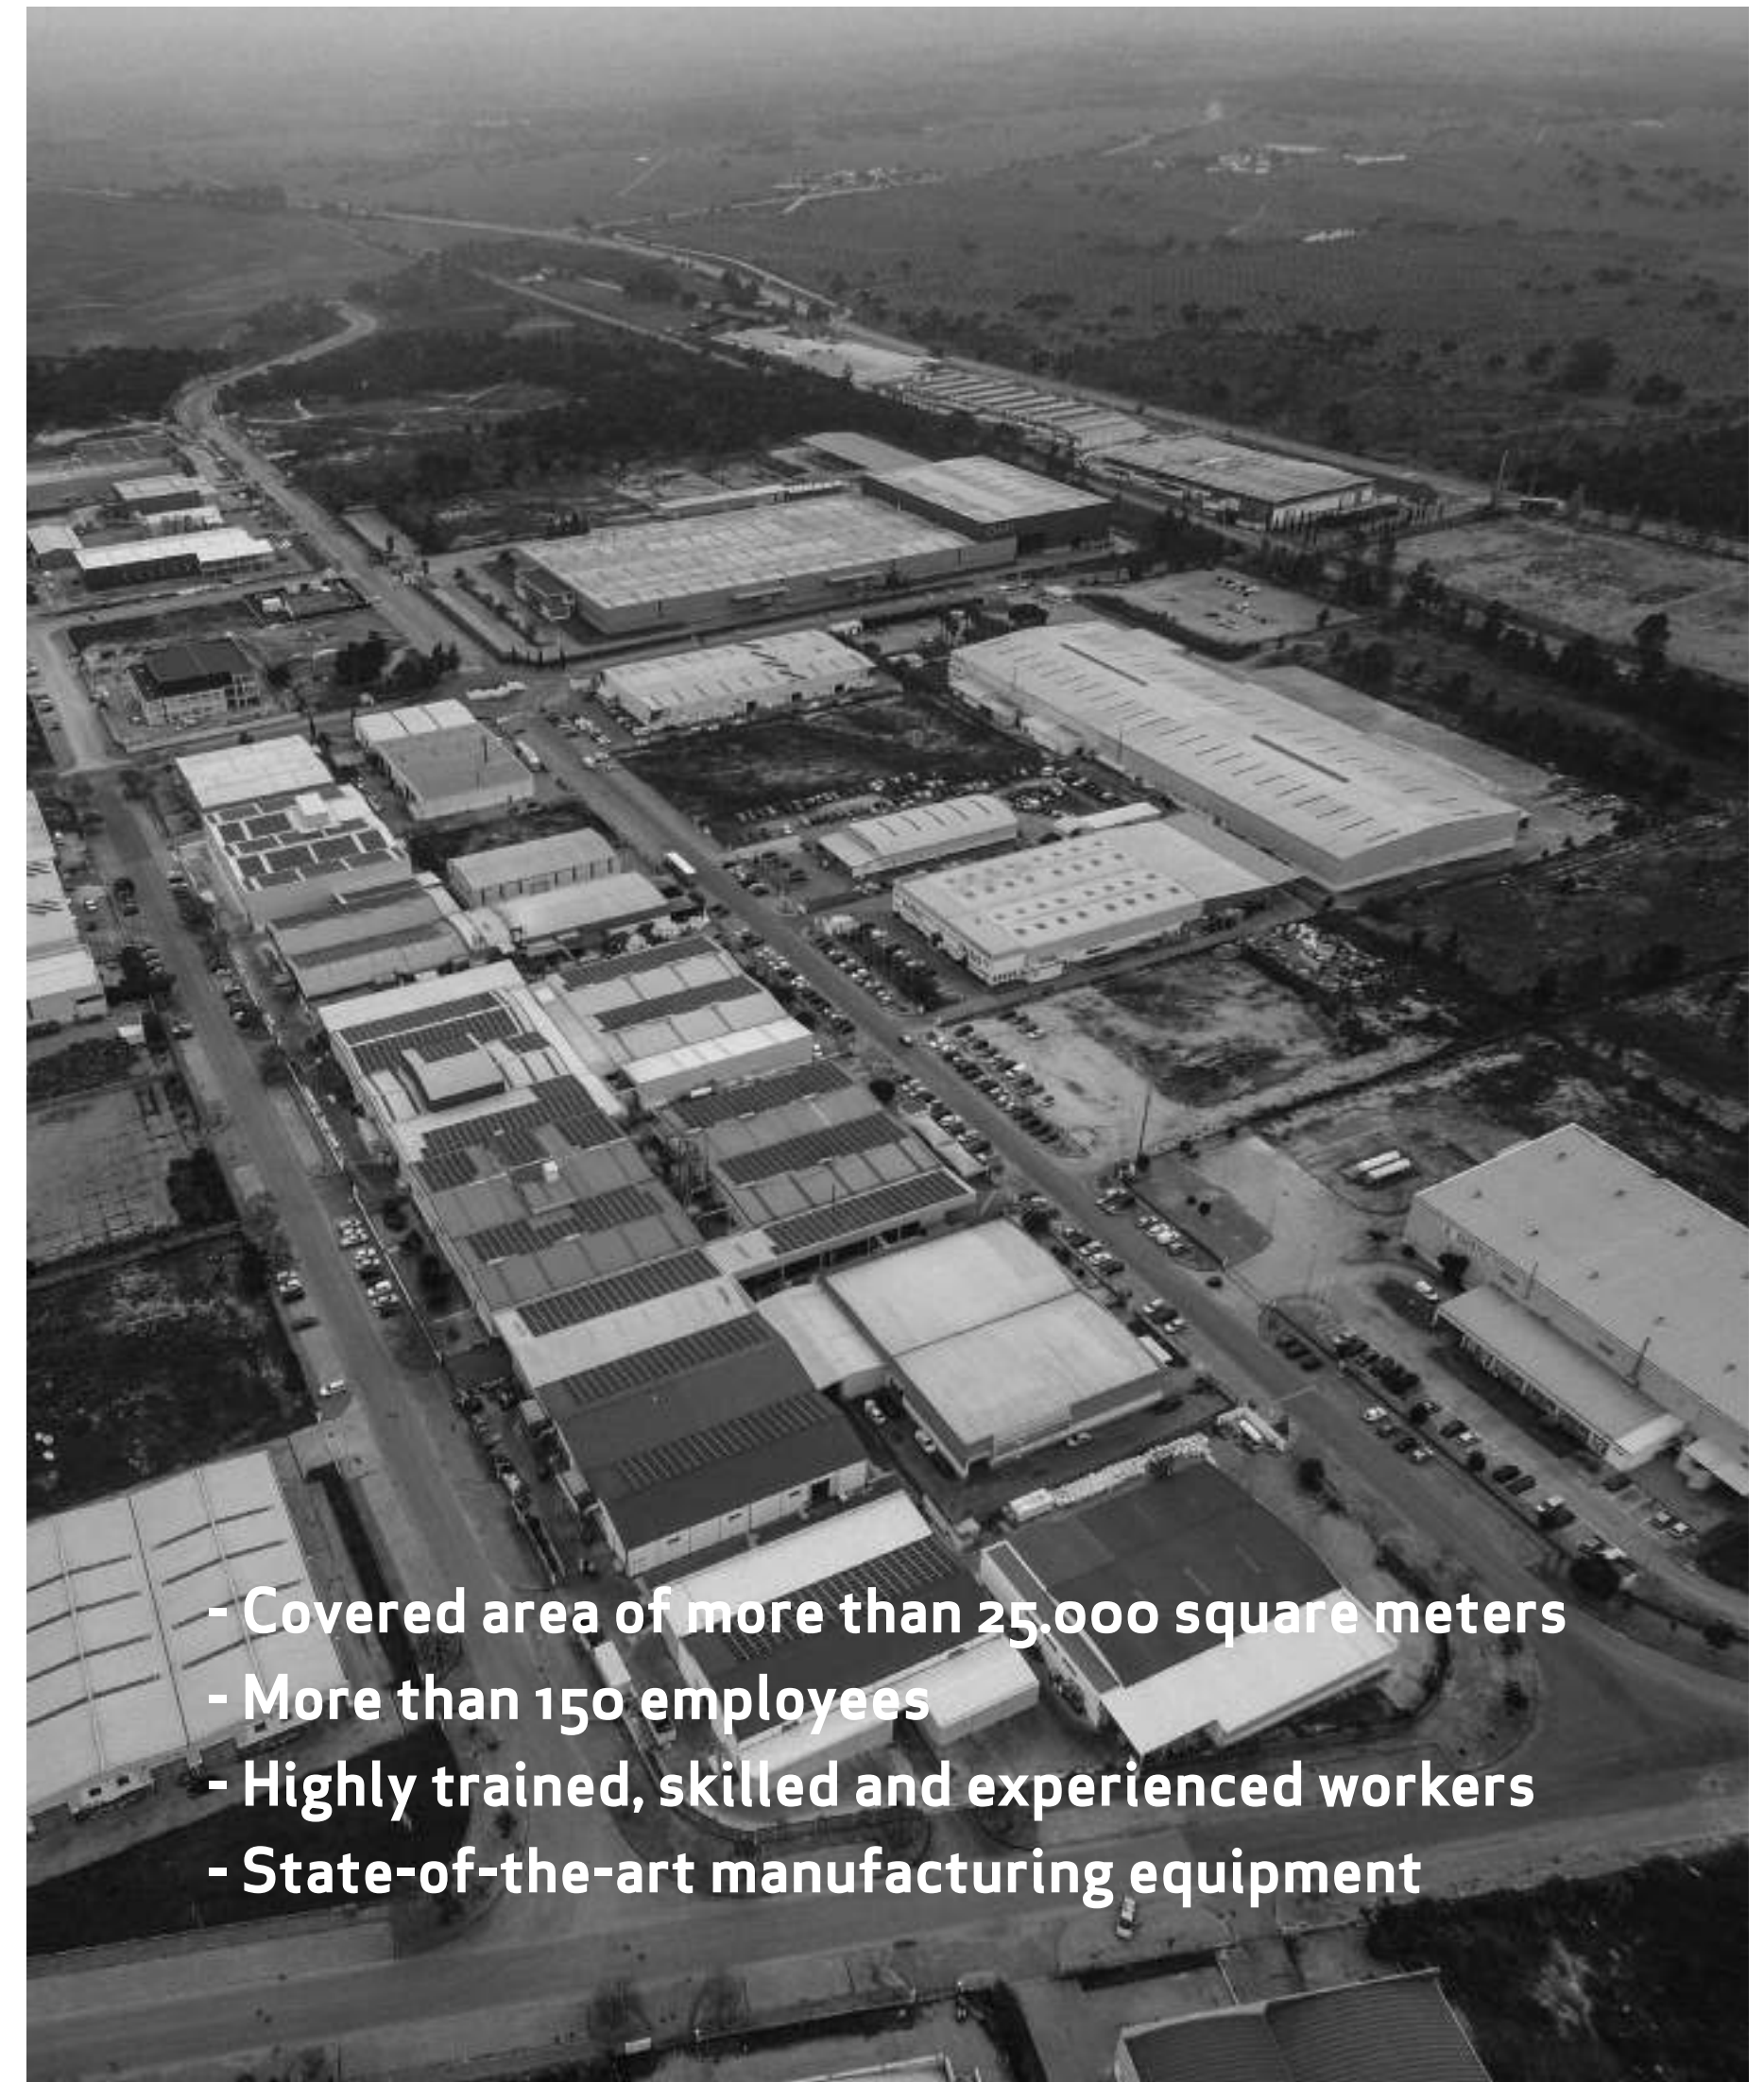

- Manufacturer with 35 years of flooring experience
- Represented in more than 25 markets (99% exportation)
- Long-term clients, some of them have been with us since the beginning

Closer supplier

- Located in Portugal, we are closer, allowing you to get fast reactions and quicker answers
- Specifically based in Vendas Novas, Alentejo, near to the main logistics platforms of the country and raw materials sources, which allows a lower environmental impact of transports

Sustainable company

- Our products are manufactured with sustainable production processes
 - Most part of our waste is reintroduced in the production
-

- **Covered area of more than 25.000 square meters**
- **More than 150 employees**
- **Highly trained, skilled and experienced workers**
- **State-of-the-art manufacturing equipment**

-
- > Cork Underlayment Rolls
 - > Cork Underlayment Sheets
 - > Decorative Cork Sheets
 - > High Density Cork Boards for Industrial Use
 - > Cork Granulates
-

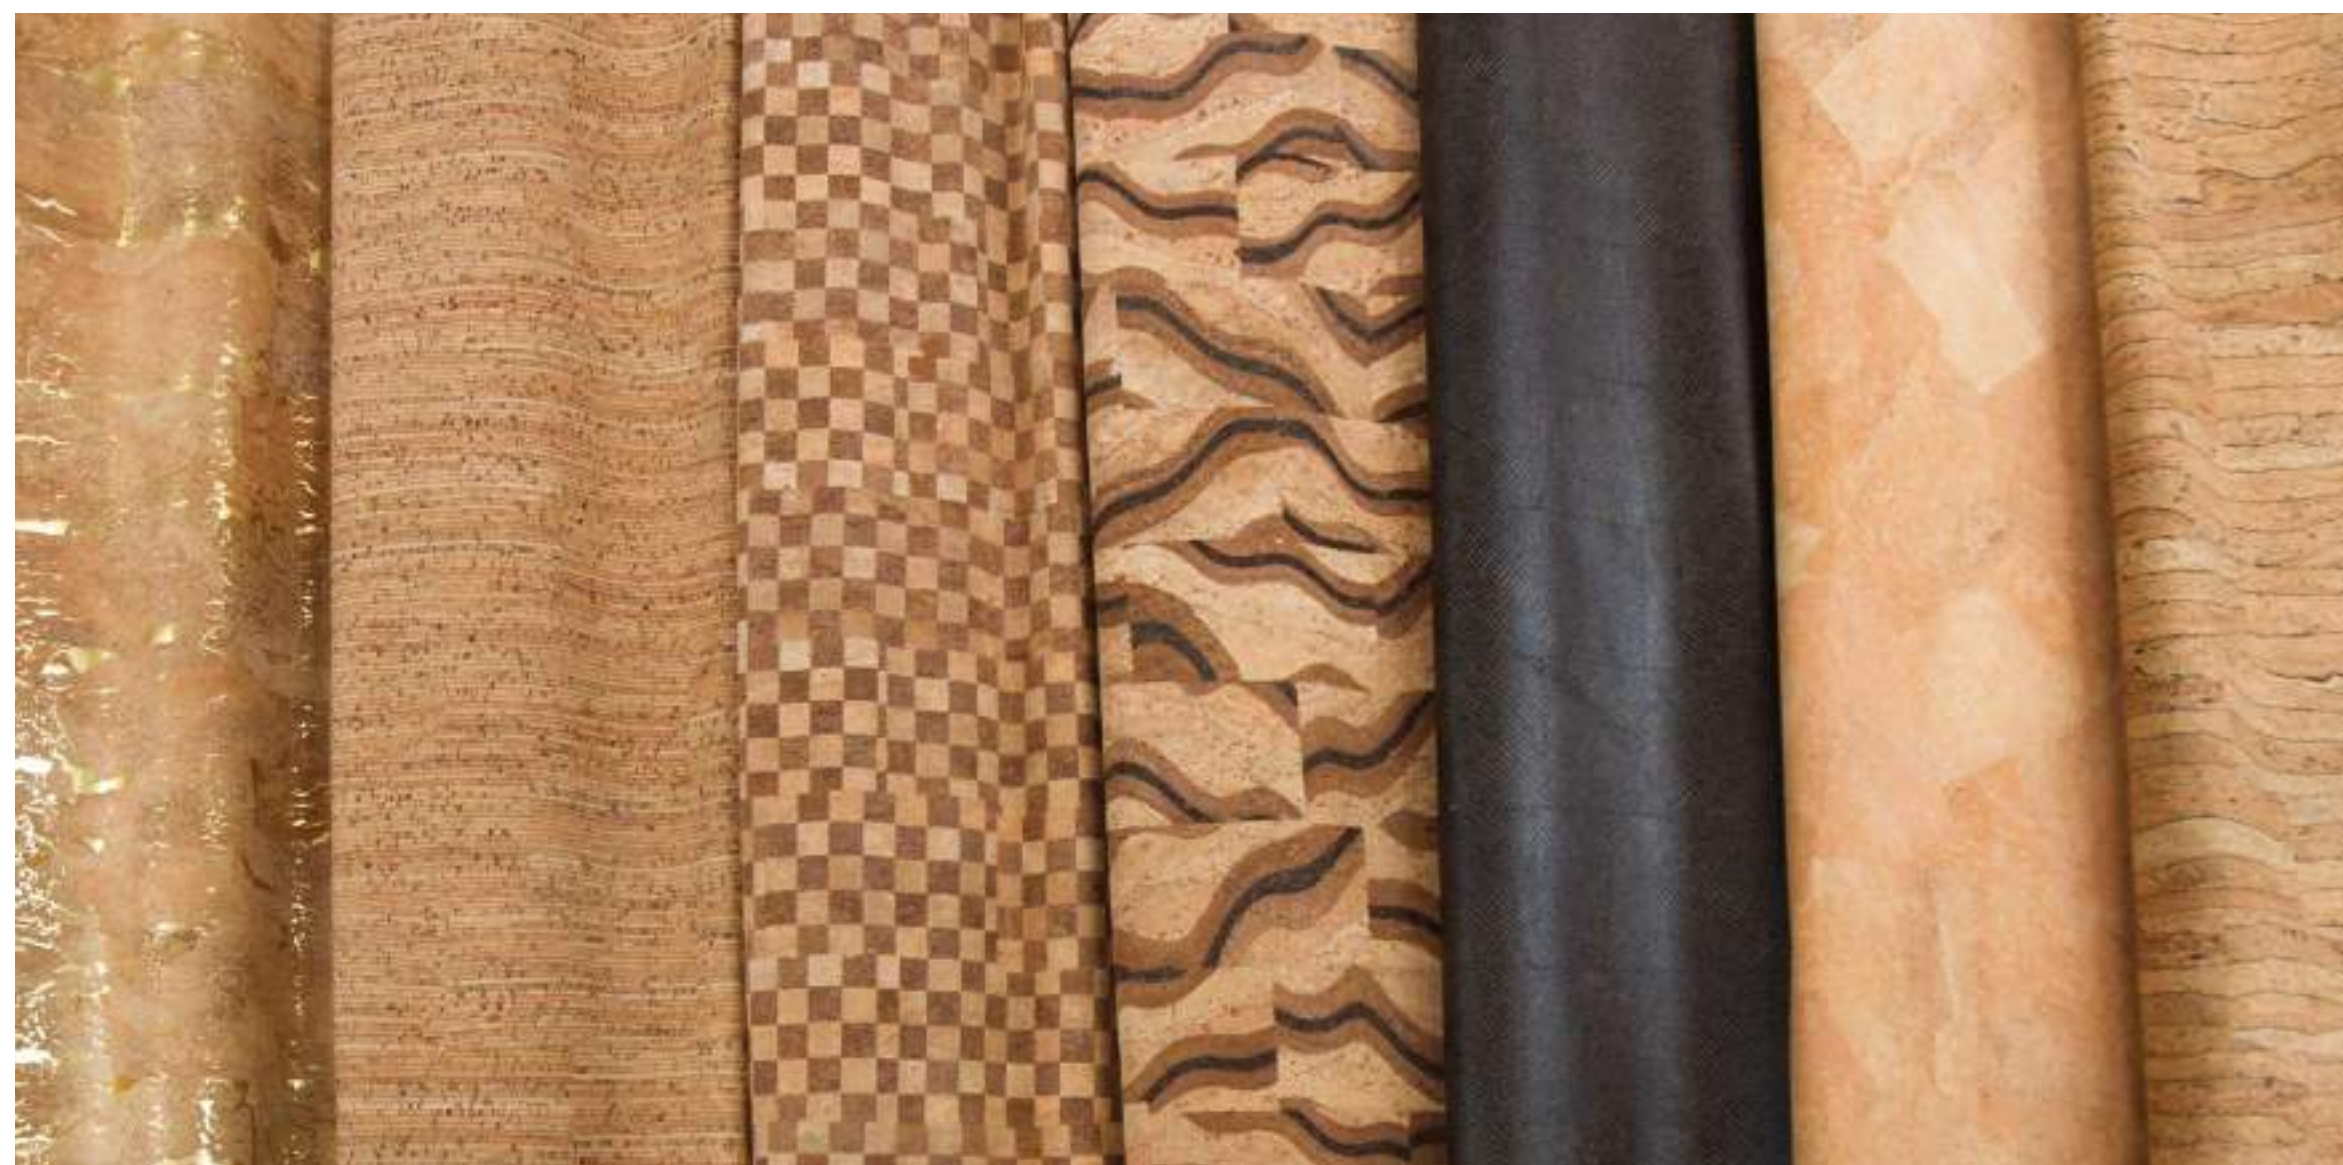

All cork products
are produced
in our factory.

Cork Fabrics

Cork fabric is made of natural cork and handcrafted. The raw material has strength and unusual durability. All patterns are original with unique design.

Corkart Group History

In 2021 we launched one of the very few **SPC factory in Europe**, in our sunny **Portugal**.

Corkart Products History

PEOPLE

ENVIRONMENT

PRODUCT QUALITY

Our concept of **sustainability** implies the creation of **long lasting and high quality products**, the use of **eco-friendly and sustainable materials** and the development of activities that are strongly committed to **reduce the environmental impact and support local communities**.

Exclusive Products & Quality Control

Part of our products are handmade with care and craft by our talented workers, focused on details and relying on high quality control processes. The results are unique and premium pieces.

Sustainable Company

Nothing is worthless. Cork powder is transformed into energy and most part of our machinery is heated using cork powder.

Cork waste is reused, in experiments, to create innovative products and returned to the production process.

Specifically, in the SPC production, all waste is crushed into small pieces to be reintroduced in the production process.

Sustainable Company

We have one of the biggest solar power plant installed for self consumption in Portugal, with more than 4.000 panels with an installed power of 1.4 Megawatt (MW).

NOTÍCIA PROMOCIONAL ESPECIAL PARA INNOVADORES | CASOS DE SUCESSO

CORKART LEVA CORTIÇA NACIONAL AO MUNDO

A cortiça é a matéria-prima da Corkart, uma empresa fundada em Vendas Novas mas de projeção internacional, especializada na fabricação de pavimentos e revestimento de paredes.

Corkart, fundada em 2005, também está presente nos Estados Unidos da América, Canadá, Rússia e Ásia Pacífico. No Brasil, a qualidade da sua produção é celebrada por muitos clientes, especialmente os do setor corporativo. Apesar de ser um grupo quase 100% exportador, como explica Gonçalo Neves, sócio executivo da empresa, "Corkart distribui os seus produtos em mais de 100 países, com uma presença em mais de 1000 lojas de distribuição em todo o mundo".
